***Chapter 1*: Goodbye To You**

Alright, I don't why I'm big on the whole "goodbye" theme right now, but I am, so you'd better all get used to it! Anyways, this is based off of Michelle Branch's "Goodbye To You". A song that I don't own. I don't own Golden Sun, either. Um...this is my second song fic, and the first one that I've written like this. I'm not sure how it turned out, so tell me what you think! Oh, and before I forget, this fic is dedicated to Elena. ENJOY!

Goodbye To You

I could almost reach out and touch my hesitancy when I placed my hand on the door knob. The strap of my duffle bag seemed to dig deeper into my collar bone. I turned, maybe to say goodbye.

And there you were.

"You can't possibly go through with this," you said, capturing my free hand in your own, like it was a bird that would fly away if you left it unattended.

"I have to," I replied. "You know that just as well as I do."

I wanted to cry. I stubbornly refused to.

**

Of all the things I believed in
I just want to get it over with
Tears form behind my eyes
But I do not cry
Counting the days that pass me by

**

"But...I thought you loved me," you're starting to cry, tears
of
frustration, tears of confusion. "We've been together for
three
years...and you just want to throw that away?"

"I'm sorry," I said, slipping my hand from your grasp. "You
know
as well as I do that...this isn't working out."

You knew it, just as much as I knew it. We were in love...but
it
was only by force of habit.

**

I've been searching deep down in my soul
Words that I'm hearing
Are starting to get old
It feels like I'm starting all over again
The last three years were just pretend
And I said

**

"Goodbye," I turned towards the door, and you put one hand
on my
shoulder to stop me.

"Please," you pulled me into your arms. "Give me one more
night

with you. One more chance."

I shrugged away. "No. Goodbye."

**

Goodbye to you
Goodbye to everything that you do
You were the one I loved
The one thing that I tried to hold on to

**

You turned me around, holding my eyes with your
penetrating blue
gaze. You moved closer, your lips brushing against mine.

"Please..." you muttered. "Please give me one more chance. I
love you. Don't give that up."

I wanted to just give in and sink into your arms...

**

I still get lost in your eyes
And it seems that I can't live a day without you
Closing my eyes and you chase my thoughts away
To a place where
I am blinded by the light
But it's not right

**

I pushed you away. "I'm leaving."

"How can you do this to me?" tears are starting to slip down
your
cheeks. I'm a bit surprised, I had never seen you exhibit this
much
emotion before. "I love you."

"I...don't think you would understand," I backed towards the door.

**

Goodbye to you
Goodbye to everything that I knew
You were the one I loved
The one thing that I tried to hold on to

**

"Try me," and you gave me the little smile through your tears
that used to make my heart melt.

I ignored that feeling. "I love you, too. At least, I think I do. But every day it's the same thing. I need something new, something different. Maybe someday I'll come back. I don't know."

You looked very hurt.

**

And it hurts to want everything and nothing at the same time
I want what's yours and I want what's mine
I want you
But I'm not giving in this time

**

"So you're leaving because...I'm not good enough for you?"
you
asked.

"No, I'm leaving to see if I really do love you," I tried to explain.

**

Goodbye to you
Goodbye to everything that I knew
You were the one I loved
The one thing that I tried to hold onto
The one thing that I tried to hold onto
**

"Mia, don't do this," you tried to take my hand in yours
again,
and I moved away. "Please don't do this. To either of us. Mia,
I love
you. I love you more than anything. Don't do
this...please...just don't
do this."

"I'm sorry," this time, I opened the door, and left.

**
And when the stars fall
I will lie awake
You're my shooting star
**

I walked down the hall, once again trying not to cry.

I'm not sure how I feel about you, even now. I'm not sure if
I'll ever know how I feel about you. But I'll always remember
you...

Alex.

The End

Dedicated to Elena because she seems really big on the
Alex/Mia thing at

the moment. Well, I hope you all enjoyed that! Yeah...I know...I didn't even specifically state couples until the very end...but I kind of like how I did it.
